

## Suggestions for Staying Warm this Winter in Your School Uniform

Even though classrooms are climatized during the winter to 72°, we know that students may feel chilled during these cold days! This is just a reminder about what items of clothing are acceptable to keep you warm and yet stay within our uniform code.

### Please do:

- ★ Wear a turtleneck (white is the only approved uniform color)
- ★ Layer your turtleneck with one of your short-sleeve polos (Did you know that long sleeve polos are also available?)
- ★ Consider wearing an undershirt (white only)
- ★ Girls wearing skirts or skorts are encouraged to wear tights or hose (remember - *solid colored black, blue, tan or white only*)
- ★ Take a look at this fine gauge dark blue cardigan sweater which has been approved for GLS! It's available **online only** at [www.FrenchToast.com](http://www.FrenchToast.com) , item #1120G.

### Please don't:

- ★ Don't wear leggings or tights in colors other than those listed above
- ★ Don't wear turtlenecks in colors other than white

As always, students are reminded to dress appropriately for the cold weather. Make sure to wear warm coats, snowpants, boots, and gloves or mittens. Keep warm this winter! ☺
